Alyse,

I will be either off next Monday or I will be traveling to update New York to work with Region 2 on an Emergency Removal Action. I should be able to let you know during the call tomorrow. I am willing to call in if I will just be off work, but my conference call listening abilities on my cell phone are not the best while I am driving especially with a lot of road noise. ☺

Subject: Meeting

Hi Dave –

It is possible that we here in Region 7 will have a meeting on Monday the 9th with the attorney (and his consultants) for one of the residential homeowners in Bridgeton about our recent residential sampling, and hoping that you might be able to call in if you're available. I don't have a confirmation on the time yet, but once I do I will pass along those details. I will also be sending a meeting notice for a prep discussion with Tom and Chuck for tomorrow at 10 central time and will include you on that appointment as well.

Happy to give you a call to discuss this more in detail if you like.

Thanks, Alyse
